**NOTE:**

**\*\*Interim Approval** - Products denoted as "interim approval" may be used as other approvals. However, failure of the material to meet specifications after the full evaluation will result in its removal from the QPL.

All material, regardless of prior approval, shall be sampled in accordance with the Materials Sampling Manual and tested for conformance to the original specification. Any deviation in composition or performance from the original sample submitted may result in removal of the product from the qualified list.
