NOTE:

Qualification of a product is not blanket approval for its use.

A Certificate of Analysis indicating actual test result shall accompany each shipment of pipe. A sample may be taken by Department personnel for each type of pipe. Final acceptance of each shipment is dependent upon test results which shall conform to the established specification requirements and which identify the sample as being representative of the product originally approved.

Any deviation in composition or performance from the original sample submitted may result in removal of the product from the qualified list.
